Features that Secure Your Home

</div>

Password unlock
3 kinds of passwords

1) Dynamic passwords
Simon Smart APP can generate dynamic passwords randomly which available within 5 minute only. Suitable for housekeeping personnel.

2) Long-term passwords
Can support up to 50 long-term password, each password requires 6-8 characters. Totally enough for family members.

3) Temporary passwords
Temporary password can be set like available during a specific period only. Convenient for guests access.

Fingerprint unlock
0.3s/pcs identify speed

Card unlock

Key unlock

APP remote unlock

Unlock your door from anywhere, right from your smart phone. Let guests in without long waiting.

There are two ways:

• Share temporary password to your guest.

• Guests press "4" then "#" on the keypad, then a door open request will be pushed to your phone. You can unlock the door by confirming the request.

APP Alarm Notification

1) Low power warning
App reminder and lock alarm when low battery

2) Pickproof alarm
Anti-theft door lock to ensure home security when you are away. Simon Smart APP will send out an alert notification if someone is breaking into your home.

Emergency power supply

Equipped with USB emergency power supply port. If batteries run out and there is no key available, you can open the door by connecting a power bank.
